SUBJECT: Nuclear Waste Transporting/Nuclear Waste in Nevada

[Message]

Mr. President,

1 I am concerned about a certain issue effecting many Nevadans. The Mayor, Oscar Goodman, and the citizens of Nevada are protesting the transporting of nuclear waste through our valley. I do not believe that nuclear waste should be transported anywhere near populated areas. I also don't believe that Nevada should be used as a place to store nuclear waste. It only takes one accident to cause a major catastrophe. It would not only devastate the population here in the Las Vegas valley, but it would also harm our economy and tourism, something Nevadans rely on 100%. Please start the new century and new millenium free of nuclear waste!!!!
